

Dear Parents:

I am writing to inform you that soon we will be starting a new assignment called Tele-tarea. It consists of watching a TV show in Spanish with Spanish subtitles. I recommend that students complete this assignment via internet content. The internet offers a huge amount of content and this is great but it can also be bad. I ask that you please be vigilant of the program that your son or daughter chooses to watch as I'm sure you are aware that some may be very inappropriate. I have offered a list of reliable websites on my home page at [www.queremoscalaveras.com](http://www.queremoscalaveras.com) . Please take a few minutes to look over the sites and choose programming that you deem appropriate. You are welcome to find other sources online as well. If you find a new site with Spanish programming and spanish captions I will give your child extra credit.

If you absolutely do not want your child to use the internet for this weekly assignment there is another option. Many DVDs provide both a Spanish track and Spanish captions.

Please feel free to contact us with any questions or concerns. Email is the best way to reach us.

Sincerely,

Sra. Romero
